HOME ENTERTAINMENT IN A BOX

DS108j allows you to assemble 1 SATA hard drive, and it integrates many fascinating features that enrich your home entertainment.

- Download Station turns DS108j into a 24/7 download center. You only need to drag BitTorrent/HTTP/FTP links to Synology Download Redirector, and the files will be transferred to DS108j without your PC being turned on. The web-based Download Manager can further assist you to manage download tasks remotely with a web browser.
- Multimedia Service allows you to play photos, music, and video with an UPnP-enabled Digital Media Adapter on TV or audio set.
- iTunes Server support lets users on the network directly play music files stored on DS108j without having to download them to the desktop.
- Audio Station provides an easy way for you to organize music stored on DS108j and Internet radio stations into playlists, or play your iPod music. By using the Synology Remote, you can remotely control and enjoy the music with connected USB speakers. The directional-free RF signal design allows you to control music freely. Now play the music from anywhere!
- Photo Station 3 gives you the freedom to share photos and video clips over Internet without complicated upload steps. Album control ensures you always share photos/videos to the right persons. Visitors can even leave comments on your photos/videos, and you will be notified with an email for each comment. In addition to sharing your photos, you can create and share your own blog.

SHARE FILES BETWEEN WINDOWS AND MAC

DS108j is designed for Windows users and Mac users to share files seamlessly. Windows users can access DS108j via Samba and FTP, and Mac users via Samba, FTP, and AFP. Unicode support allows sharing files smoothly in different languages.

Even more, File Station is a great way for you to remotely access and manage files stored on DS108j. Simply use a web browser to connect to DS108j, and you'll have total control over the files. With File Station, moving files among shared folders will now be only seconds away!

SHARE USB PRINTER

Sharing USB printer with the members on the network is extremely easy. A variety of printers have been verified to be compatible with DS108j, and the Add Printer Wizard simplifies the printer setup that usually takes complicated steps or professional help in most printer server products on the market.

BUILD UP YOUR COMMUNITY

Web Station runs Apache web server that allows you to publish website with only few steps. With pre-installed PHP+MySQL, you are free to install popular blog or bulletin board programs on DS108j. No advanced IT knowledge is required to build up your community.

COOL AND QUIET

DS108j has a brand new enclosure design. The elegant white cover, superb ventilation airflow, and quiet fan operation, bring DS108j to a new level of Synology Disk Station series.
