Product Overview

Xentino ANT105 Main Features

- Compatible with 4G/LTE Mobile Broadband Modem and Router devices. It does not require installation and configuration.
- RG174 High Gain cable and SMA Interface, suitable for fully carrying all frequencies supported by the antenna.
- Full compatibility for external uses, especially to increase signal strength and quality.

SPECIFICATIONS

Frequency range	698-960/1710-2700MHZ
VSWR	Below then 2,5
Gain	10-12dBi
Polarization	Vertical
Radiation	Omni
Max. Power Input	10Watt
Input Impedance	50Ohm
Connector Type	SMA or RP SMA
Cable Type	RG174(best)%100
Cable Lenght	0,5M
Dimensions	23 x 6,5 x 6,5CM
Color	White
Material	Metal + Plastic

Installation Tips

To maximize performance, the antenna should be mounted vertically. The antenna should not be mounted on a metal ground.

Packet Content

PCS	Material
2	Antenna clip handle
2	U type metal hanging bracket with screw ends
4	Screw Nut
4	Seal
1	Omni Antenna

NOTE1 - The package content includes only the products mentioned above and other products that may be present in the pictures are not included.

NOTE2 - Light reflection and different displays may cause the color of the item in the picture slightly different from reality. The allowable measurement error is +/- 1-3cm.
